

SACRED GOLD & STORM SILVER

Important Item Locations

This document is a reference guide to the new and/or swapped locations of important items within Sacred Gold & Storm Silver.

This particular document explores two main types of items: TMs, of which there have been many swaps, and evolution items, which have all been shifted to be available prior to the initial Elite Four. Some key items are also listed.

Sacred Gold Plus 1.3.2 - current instructions follow. The historical introduction above is superseded by the current guide.

Important Items and TMs

Sacred Gold Plus 1.3.2 - current English reference.

All 156 current in-game Guide entries for important items, services and TMs. These instructions replace the older locations.
